Dear Miss Parry

**You are now due for your cervical screening (smear) test.**

**Please contact your GP surgery to make an appointment.**

In some cases it may be possible to have your cervical screening test taken at a Sexual Health clinic. Please take this letter with you to your appointment.

Cervical screening reduces the chances of you developing cervical cancer. Screening is still important even if you have had the vaccination for the human papillomavirus (HPV).

Please read the leaflet for information about cervical screening and visit our website:  
[www.phw.nhs.wales/cervical-screening](http://www.phw.nhs.wales/cervical-screening)

Contact your GP surgery or Cervical Screening Wales if you:

- Have any questions or need help to understand this information
- **Need information in easy read, audio, large print or Braille**
- Are a carer for this person
- Are pregnant, have had a hysterectomy or are transgender

**Please keep this information until you receive your results letter.**

You can contact us in Welsh or English. It will take us the same amount of time to answer you, whichever language you choose.

Yours sincerely

**Dr Joanne Davies, Cathays Surgery - 029 20353020**  
**On behalf of Cervical Screening Wales**
